FDI Collateral Management – Announces Affiliation with Casey & Casey NPS, Inc.

Sacramento, California, January 2010 — FDI Collateral Management (FDI) announces a strategic affiliation with Casey & Casey to provide Louisiana **Electronic Lien and Title** (ELT) services for financial institutions writing auto loans in Louisiana. Louisiana is the most recent jurisdiction to mandate the utilization of ELT.

Since its inception in 1957, Casey & Casey has worked towards the betterment of title and registration processing, and continues to develop programs and software to best serve and educate its clientele. They currently have seven (7) locations throughout Louisiana and are a respected and trusted Public Tag Agent in Louisiana. Dan Casey, President and CEO of Casey & Casey commented that “We are pleased to have the opportunity to assist FDI with a DMV interface for use of ELT in Louisiana. ELT creates efficiencies for the jurisdiction as well as for participating lienholders who no longer receive, manage, store and release paper titles.”

FDI will provide the electronic interface between the lienholder’s title database and Casey & Casey, who will in turn interface with Louisiana to allow electronic lien notification and release transactions. FDI’s President and COO Chris Hodge stated, “We take great pride in working with Casey and Casey to design and implement a solution allowing more lenders to take advantage of the benefits of ELT. Instituting ELT is an exceptional process benefiting everyone involved in title administration by saving time, money and reducing errors.” FDI’s Louisiana ELT program will be available in January 2010.

To learn more about Electronic Lien and Title and the Louisiana ELT program, visit FDI Collateral Management at www.fdielt.com.

FDI is the nation’s leading provider of integrated paper and electronic vehicle collateral solutions for automotive lenders. These capabilities have helped over 2,400 lienholders reduce costs and improve customer satisfaction. FDI is a wholly owned subsidiary of triVIN, Inc. In addition to serving financial institutions through FDI, triVIN, Inc. also provides products that automate motor vehicle registration processing for auto dealers and national lease, rental and fleet companies.

American Capital, Ltd., the primary equity holder of triVIN, Inc., is a publicly traded private equity firm and global asset manager. Founded in 1986, American Capital has \$12 billion in capital resources under management and eight offices in the U.S., Europe and Asia.
